Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Shel,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

Subject: I oppose Duke's latest rate hike for dirty energy

Apr 21, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

I also would like the Commission to look carefully at the setting of rates for commercial and residential clients. Here in NC, we are already subsidizing corporations in major ways.

I have read that Duke's rate submission includes a 10% profit for investors. I know they have a good rationale for this, but really, in these years when 1-2% interest is the best most people can get, is this appropriate?

Sincerely,

Shel Anderson
